

Good News from Life Church

The body of Christ serving the Community

"Taste and see that the Lord is good; blessed is the man who takes refuge in Him".

Psalm 34 v8

Church in the square – following on from last year's event. The Salvation Army band led the people in the square in beautiful worship, singing some old favourite hymns. This was followed by John Callaghan sharing two powerful, personal testimonies. The first relating to his granddaughter whose life was hanging by a thread but, God miraculously intervened and healed her. The second was about an occasion abroad when they lost both their passports and dilemma was caused. Once again, through prayer, God intervened and they were found. Members from Life church bravely paraded their cardboard testimonies declaring messages of lives turned around by God. This was a powerful visual demonstration. John encouraged people to pray, love, do things for others and show kindness. Cards requesting prayer were filled out and returned to be prayed through later. Lots of friendly chat and blessings were shared. May Bank Holiday 2018 – part of the Home Town weekend festival.
